

Kennedy Industries, Inc. has an opening for a **Field Service Mechanic** to work on the road for our field service department. Our main office is located in Wixom, MI. Most work takes place in southeast Michigan, but we do work all across Michigan, and sometimes out of state.

JOB TITLE: Field Service Mechanic

JOB DUTIES: Troubleshoot and repair submersible and centrifugal pumps at different jobsites across Michigan, and sometimes out of state.

REQUIREMENTS: Motivated, hard worker that is willing to learn new skills.
Comfortable using computers, technology is a big part of our everyday work on the road.
Have good people skills and be comfortable working with customers.
Willing and able to work long hours and overtime as needed.
Willing to travel out of state during road jobs.
Mechanically inclined and knowledgeable.
Motor repair experience preferred.
Should have basic electrical knowledge.
Experience with centrifugal pumps or submersible pumps preferred.
Must have valid Michigan driver's license and a good driving record.

TO APPLY: Please E-MAIL resume to referenced address, ensuring to indicate the position for which you are applying. No phone calls, please.
